The Organisation

Unlocked Graduates is an award-winning charity which exists to break cycles of reoffending by developing outstanding individuals to lead rehabilitation in prisons and throughout society.

At the core of our mission is a leadership development programme that brings top graduates into prisons to work as frontline prison officers for two years. This programme includes mentoring, work placements in partner organisations and a fully funded master's degree. All of which they take part in while taking on the full duties of a frontline prison officer.

The project grew out of a recommendation in the Coates' Review of prison education. Programme participants are selected through a rigorous and competitive recruitment process which is raising the profile of the prison officer role. Last year the scheme was ranked 51st in the Times Top 100 Graduate Employers list.
